Ohne Gleichverteilungspriori

Vollständiges Modell

```
## No id variables; using all as measure variables
```

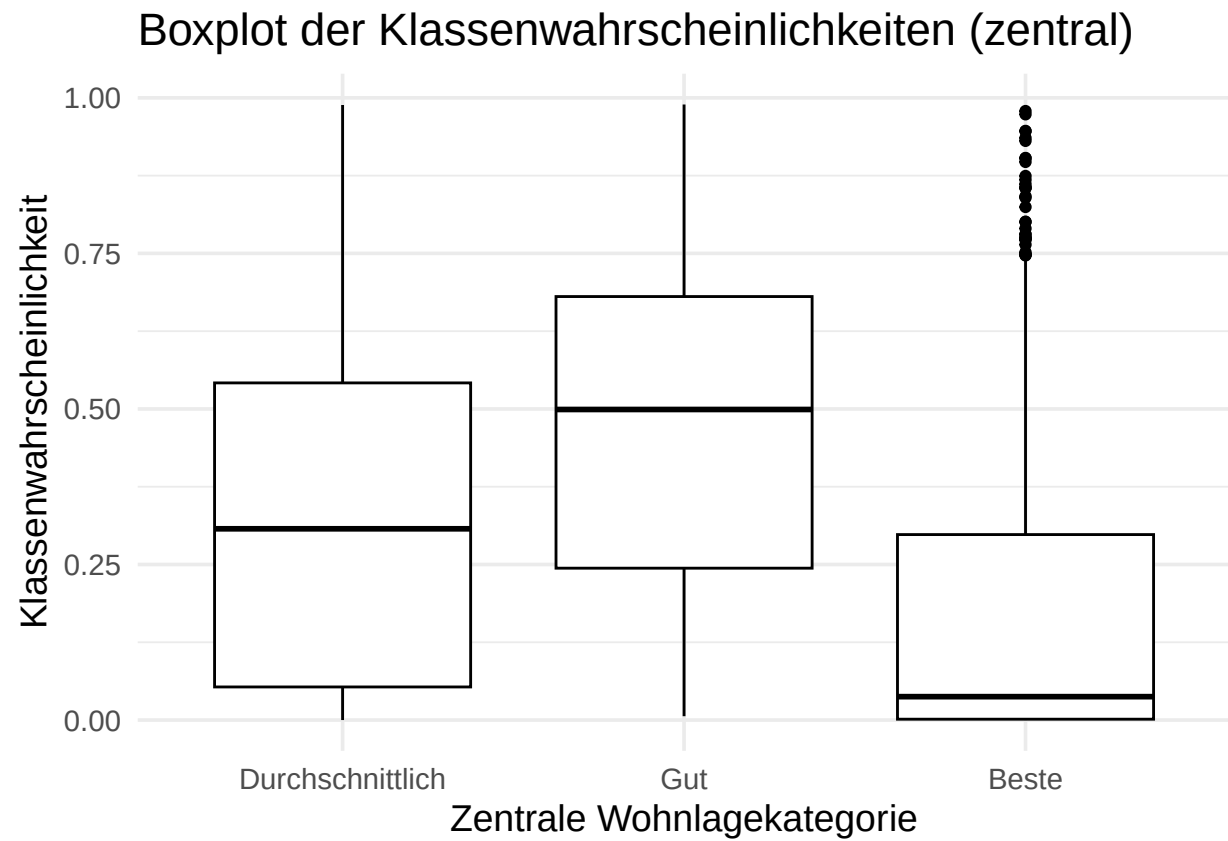

```
## No id variables; using all as measure variables
```

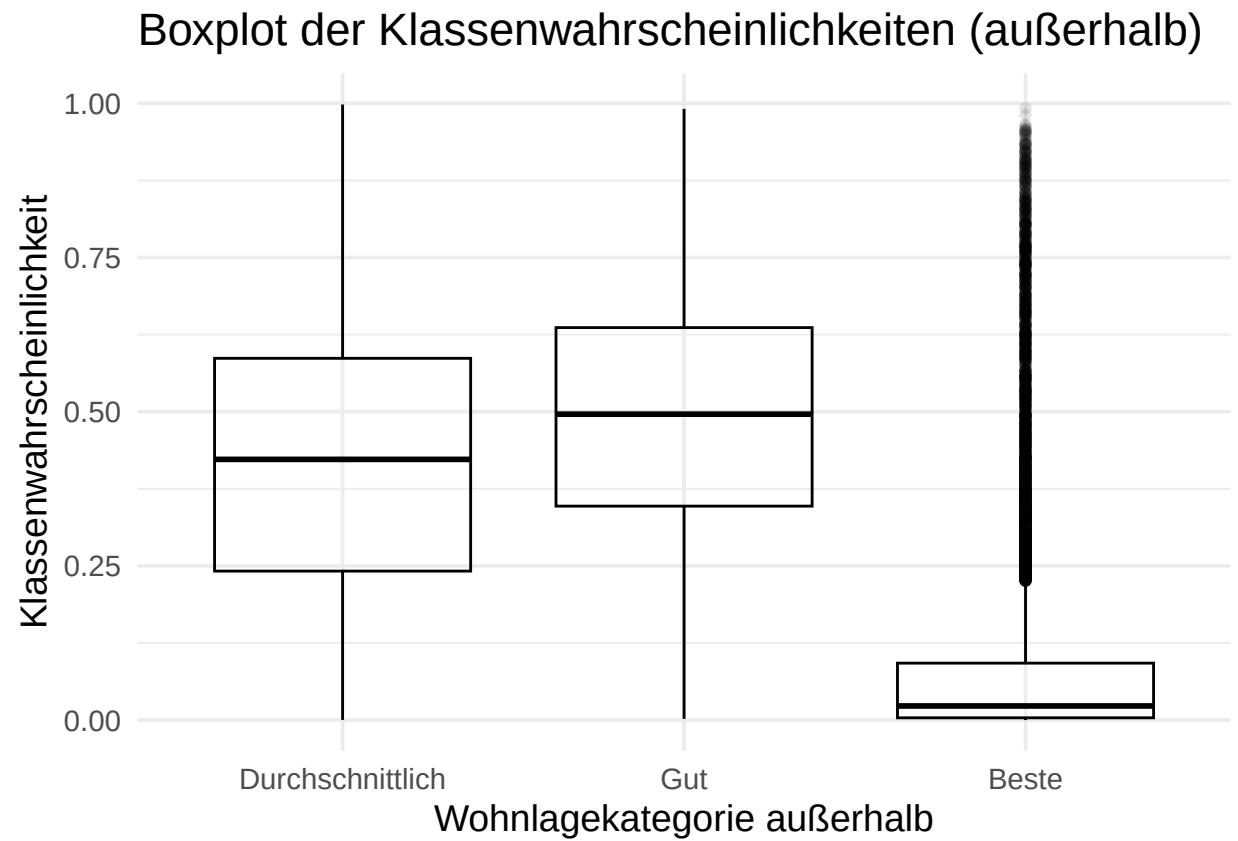

Modell ohne distanz_bahnhof

```
## No id variables; using all as measure variables
```

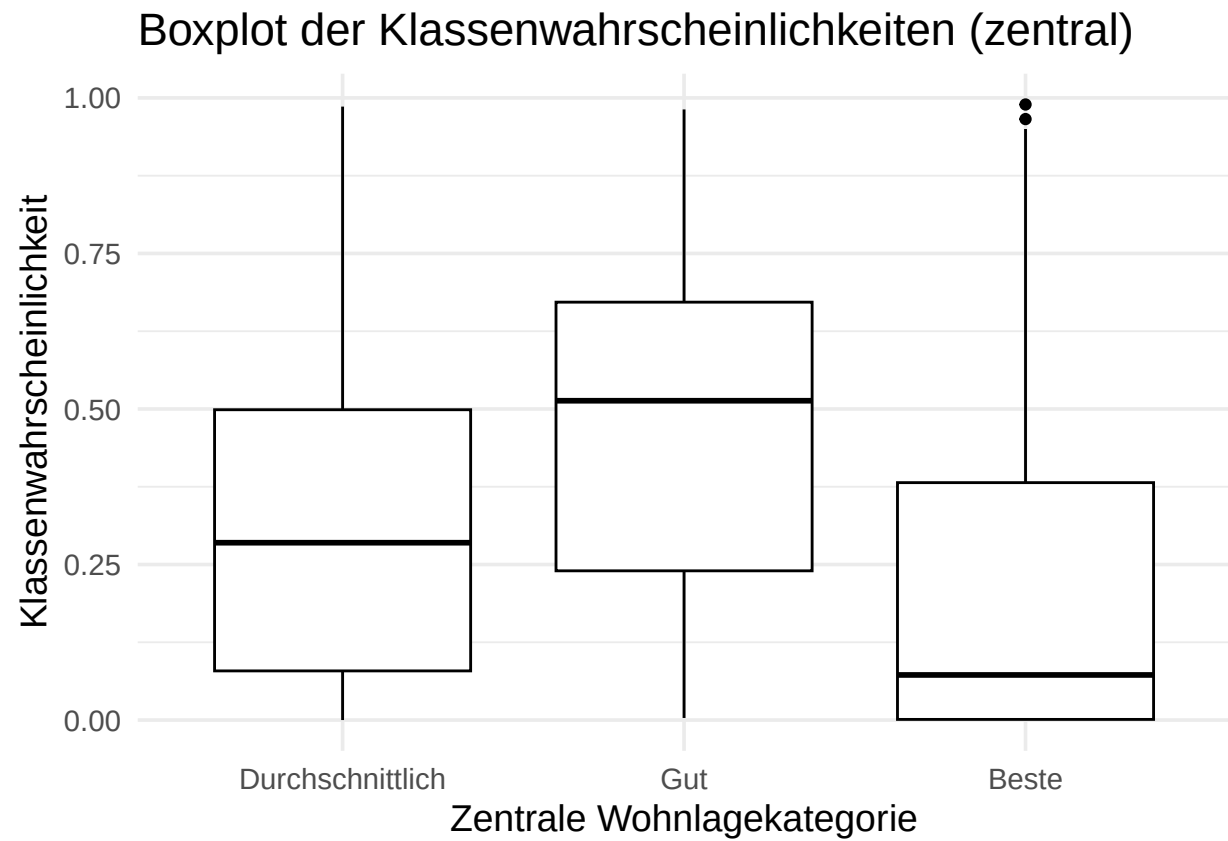

```
## No id variables; using all as measure variables
```

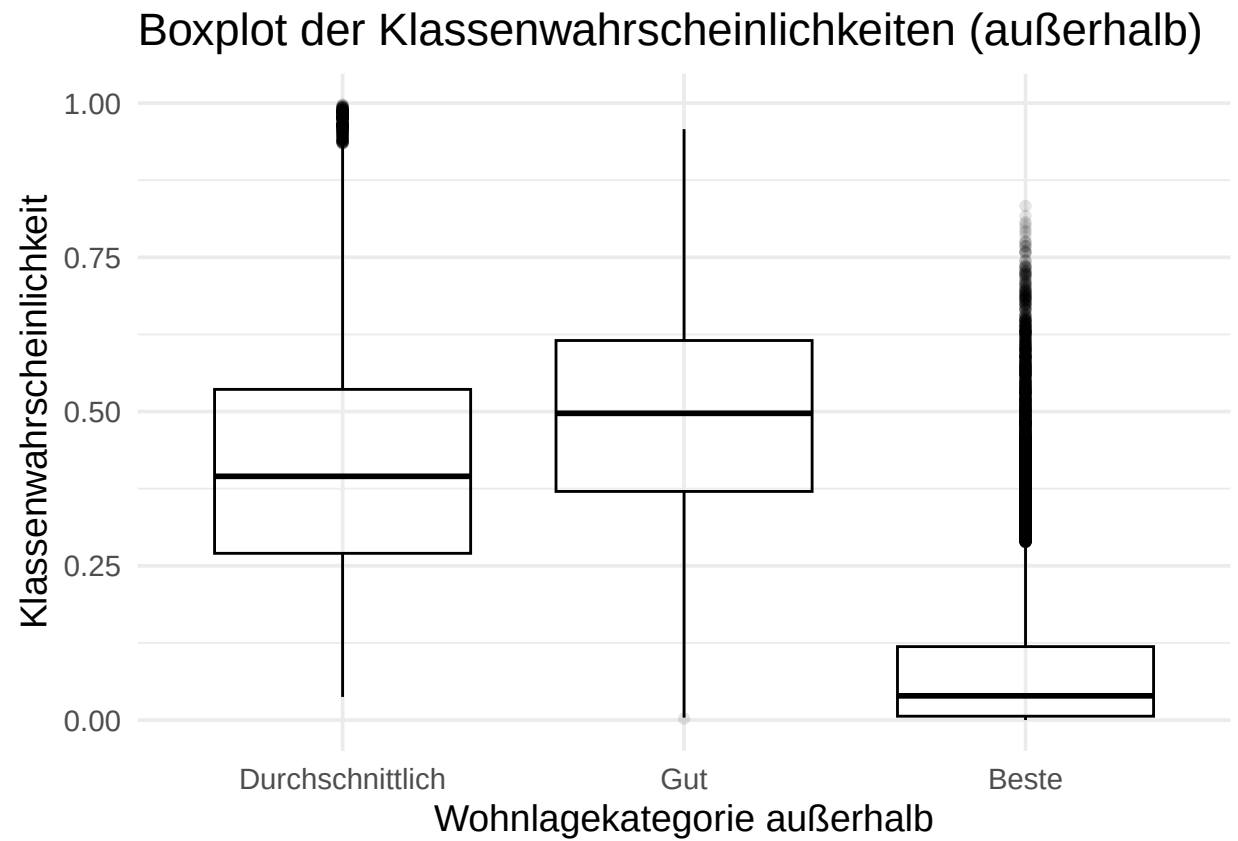

Modell ohne Hauspreisindex

```
## No id variables; using all as measure variables
```

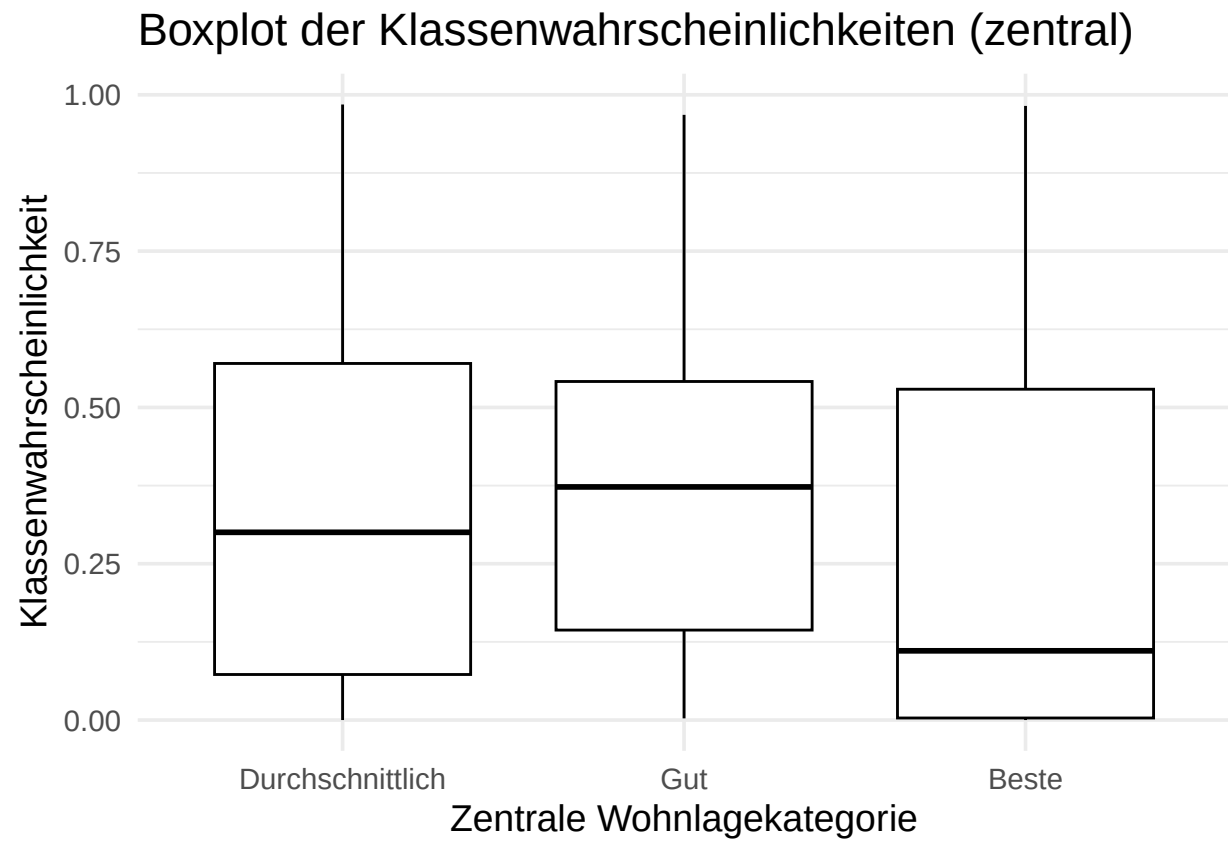

No id variables; using all as measure variables

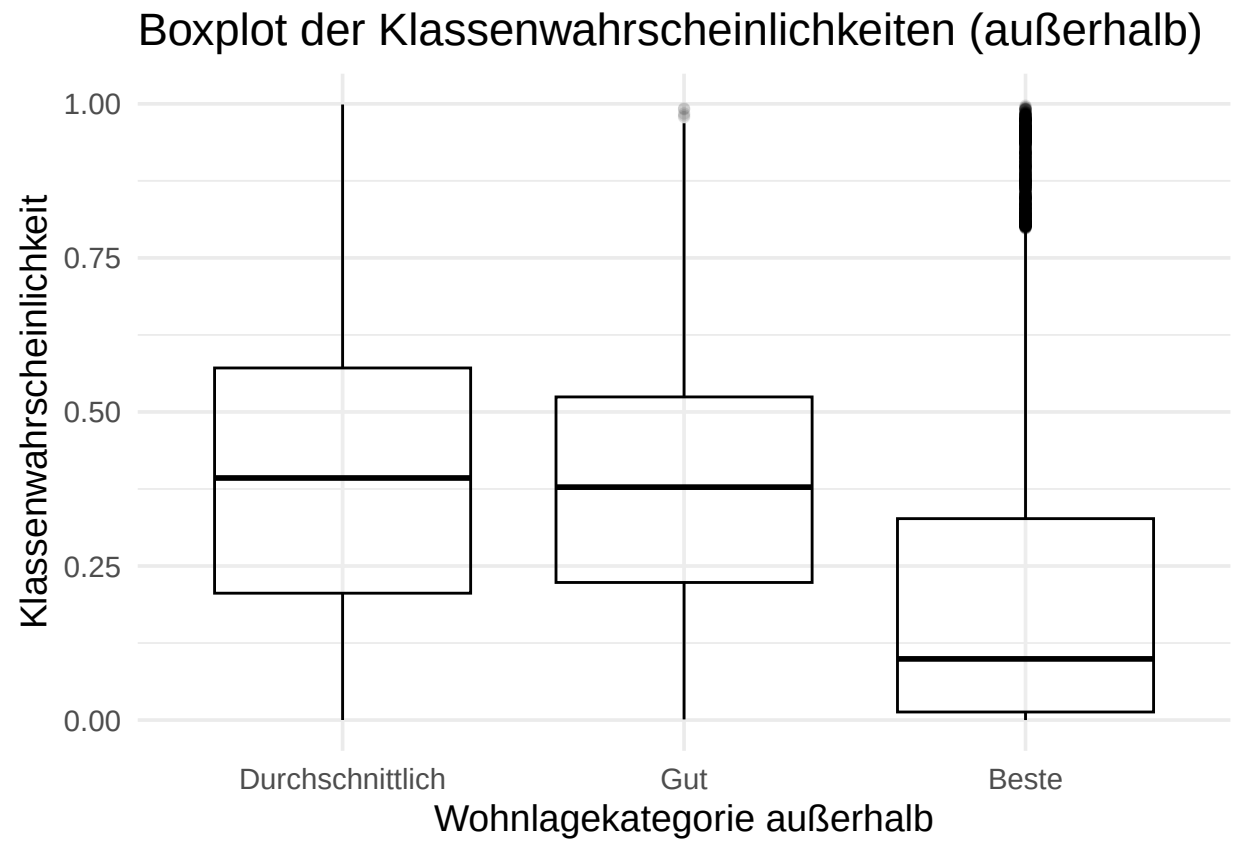

Mit Gleichverteilungspriori
